

EUROPEAN FORMAT FOR CURRICULUM VITAE

PERSONAL INFORMATIONS

Name RITA LUCCHETTI

Italian nationality

Date of birth January 28, 1958

WORK EXPERIENCE 1

- Dates (from - to) From 10 July 2017 to date
- Name and address of the employer ASL ROMA 1
BORGO S.SPIRITO, 3 - 00193 ROME
- Type of business or sector HEALTHCARE COMPANY
- Type of employment MEDICAL MANAGER FOR INDETERMINATE PERIOD, EXCLUSIVE RELATIONSHIP, ORGANIZATION OF BASIC HEALTH SERVICES

- **Main duties and responsibilities**

With Resolution of the General Manager no. 674 of 10/07/2017, she was appointed Director of the Network Governance Area, Management Departmental Area within which the following Complex Operating Units and a Simple Departmental Operating Unit are activated:

- Offering Network Accreditation UOC
- UOC Budget and Control of Private Dispensers
- UOC Client
- UOSD Legal Support for Network Governance

Territorial area of reference: includes the Municipalities of Rome Capital I, II, III, XIII, XIV and XV. Total area: 524.0 km / q, equal to 40.8% of the total area of the Municipality of Rome Resident population: 1,041,220, equal to 36.3% of the total resident population in the Municipality of Rome Immigrant population: 156,776, equal to at ca. 40.66% of the immigrant population of the Municipality of Rome (data source: Statistical Office and Census Roma Capitale - year 2017) The territory of the ASL Roma 1 is divided into six Districts. The area of intervention of the Network Governance Area concerns:

- Accredited private providers consisting of acute care homes (n.10), post-acute care homes (n.9), private university hospital (n.1), classified general area hospitals (n.4) , IRCCS Privati (n. 2), Hospice (n. 4), RSA (n. 17), Territorial Rehabilitation Centers pursuant to art. 26 (no. 24), 130 specialist clinics, 12 Dialysis Centers +

1 UDD in the accreditation phase

-N. 2 Hospitals, one of which is university and 1 Public University Polyclinic

The Network Governance Area is configured as the reference management area for the governance function of the accredited providers of the Rome 1 ASL, taking into account the high number and varied typology, also in order to make the accreditation policy strategic.

It represents the unitary affiliation of the accredited network governance functions for all types of dispensers in a logic of integration with strategic corporate objectives.

It is articulated through clear and diversified responsibilities on the different phases of the process (planning, accreditation, commissioning, production control, settlement and payment, analytical external controls on medical records to verify the adequacy and organizational appropriateness of hospitalization structures as per regional legislation in force) seeking an implementation of quality verification systems and centralization of monitoring information systems, as well as integration with accounting information systems. The Area will undertake the integration with the specialized services for maintaining the professional role with respect to the integration of the offer and the appropriateness of the services and performs the function of connecting the Districts to allow each Management to fully carry out its institutional and strategic role of the client, but avoiding the replication of completely autonomous functions and with a direct functional connection to the Company Management and to the functions of the Department for Organizational Development. A centralized function is also envisaged in order to ensure hospital-territory continuity.

With the same Resolution she was also appointed Director of the Client UOC with the function of:

- Guarantee the governance of the accredited supply in the more overall process of supply / demand relationship in line with corporate strategies
- Ensuring the implementation of integrated health and social health planning, promoting and managing the process that goes from the analysis of the demand to the definition of the Client Plan
- Ensure the functionality of the Welfare Networks through the implementation of local Operational Plans
- Promote the integration of the health and social health supply network, as part of government actions, in synergy with the Districts for the definition of interventions in response to the health needs of citizens in chronic and frail conditions
- Make the requests for the acquisition of health services coming from the Districts consistent with the company planning according to a common and shared methodology for identifying a set of indicators to be applied homogeneously on the territory
- Evaluate the effectiveness and efficiency of the health and social health supply network in synergy with the Health Information Flow Management Unit and Analysis of Care Processes, and also in collaboration with other company structures, internal and external to the Network Governance Area and of the Company
- Collaborate with the corporate structures to define integrated diagnostic therapeutic care paths aimed at improving accessibility to services, appropriateness, continuity of care and the quality of services provided by accredited providers.

WORK

EXPERIENCE

2

- Dates (from - to) From 16 October 2015 to 9 July 2017
- Name and address of the employer ASL ROMA 1 BORGOSPIRITO, 3 - 00193 ROME
- Type of company or sector HEALTHCARE COMPANY
- Type of employment ORGANIZATION OF BASIC HEALTH SERVICES MEDICAL DIRECTOR FOR INDETERMINATE TERM, EXCLUSIVE RELATIONSHIP
- Main activities and responsibilities Position Director Provv. UOC DISTRICT DIRECTION 13 and Provv Coordinator. District 13 (Resolution of the D.G.n.781 of 14/10/2015 and Resolution of the D.G.n. 308/2016). The territorial area of competence of the District is the Municipality of Aurelio-Boccea 13, with one

resident population of 133,496, an old-age index of 166.4 and a dependency index of 56.3; the presence of residential settlements with a high risk of marginalization (Fogaccia sub-urban area) and Roma settlements makes the area particularly problematic in relation to issues of social inclusion and accessibility to health services and social health.
