

# GUYONNE ROGIER

## Curriculum Vitae

### Part I - Education

Type	Year	Institute	Notes (Title, Experience...)
Training course	2022	Department of Education, University of Genoa	Attendance of the training day related to the use of T-Lab software, held by Prof. Alessandro Gennaro (University of Rome, La Sapienza).
Specialization in psychotherapy	2021	School of cognitive psychotherapy, Rome	Title of psychotherapist with cognitive behavioral orientation, awarded on 01/20/2021, with grade: 30 cum laude.
Training course and certificate	2019	Department of Clinical and Dynamic Psychology, Faculty of Medicine and Psychology, Sapienza University of Rome	Attendance of the course <i>The Psychopathy Checklist Revised</i> , taught by Prof. David Kosson (Rosalind Franklin University, USA). Issuance of certification in the administration and coding of the Psychopathy Checklist Revised.
Ph.D.	2019	Department of Clinical and Dynamic Psychology, Faculty of Medicine and Psychology, Sapienza University of Rome	Ph.D. degree in Dynamic and Clinical Psychology, awarded on 14/02/2019, grade: with honors. Doctoral dissertation: gambling disorder and emotional regulation.
Training course and certificate	2018	Department of Clinical and Dynamic Psychology, Faculty of Medicine and Psychology, Sapienza University of Rome	Attendance of <i>Indiana Illness Psychiatric Interview course and metacognitive function assessment</i> . Release of qualification in the administration of the Indiana Illness Psychiatric Interview and the use of the Metacognitive Functioning Assessment Scale.
Four-year graduate school of psychotherapy	2017-2021	School of cognitive psychotherapy, Rome	Cognitive psychotherapy training and basic courses in third-wave psychotherapeutic intervention methods
Training course and certificate	2017	SaraLab, University of Salento	Attendance of the course <i>Structural Equation Models with R</i> , taught by Prof. Enrico Ciavolino (University of Salento). Issuance of the certificate of

Training course	2017	Italian Psychology Association, Bertinoro School	proficiency, with distinction A. Attendance of the course <i>General and Mixed Linear Model with R and SPSS</i> , taught by Prof. Marcello Gallucci (University Milano Bicocca).
Professional qualification of clinical psychologist	2016	Faculty of Medicine and Psychology, Sapienza, University of Rome Order of psychologists of Lazio	Licensed to practice as a clinical psychologist. Registration in the Register of Psychologists of Lazio, obtained on 02/22/2016 under number 21978.
Master's Degree	2014	Faculty of Medicine and Psychology, Sapienza, University of Rome	Bachelor's degree in Dynamic-Clinical Psychology of Child, Adolescent and Family, awarded on 14/07/2014, with a grade of 110 cum laude/110, with mention "path of excellence."

## Part II - Academic/Institutional Assignments.

Beginning	End	Institution	Location
01/03/2021	31/09/2024	Department of Education, University of Genoa	Temporary Researcher-Type A, SSD-PSI/08, Announcement D.R. no.2412 dated 26/06/2020.
2022	31/09/2024	Department of Education, University of Genoa	Member of the internationalization and Erasmus committee of the Master's degree in Psychology and the Bachelor's degree in Psychological Science and Techniques
2022	31/09/2024	Department of Education, University of Genoa	Member and coordinator of the departmental committee for Third Mission.
2021	31/09/2024	Department of Education, University of Genoa	Member and coordinator of the laboratories committee of the Master's degree in Psychology and the Bachelor's degree in Psychological Science and Techniques
01/02/2020	31/01/2021	Department of Clinical and Dynamic Psychology, Faculty of Medicine and Psychology, Sapienza University of Rome	Research Fellow (Category B, Type II, SSD-PSI/07). Research project: <i>CART D'OR: From urban gardens to mental health: the role of emotional regulation in behavioral addictions</i> . Scientific responsible: Prof. Renata Tambelli.
2019	2020	Faculty of Medicine and Psychology, Sapienza, University of Rome	Subject Tutor in relation to the teaching of <i>Psychopathology of Couple and Parental Relationships</i> (M-PSI/07, 9 CFU), Holder: Prof.

2017	2019	Department of Education, University of Genoa	Patrizia Velotti, CdL Magistrale in Dynamic Developmental Psychopathology. Subject Tutor in relation to the teaching of <i>Adolescent Psychopathology</i> (M-PSI/08, 6 CFU), Holder: Prof. Patrizia Velotti, CdL Magistrale in Psychology.

## Part IV - Teaching activities at the university level.

### Part IVA - Teaching assignments

Year	Institute	Lesson/course
2024	Department of Education, University of Genoa	Lecturer teaching <i>Clinical psychology and clinical psychopathology in the life span</i> (9 CFU), SSD-PSI/08, CdL Magistrale di Psicologia.
2022-2023	Department of Education, University of Genoa	Lecturer teaching <i>Fundamentals of Clinical Psychology of Early Relationships</i> (5 CFU), SSD-PSI/08, Bachelor of Science in Education.
2022-2024	Department of Education, University of Genoa	Lecturer of the training <i>Introduction to the main methodologies of meta-analysis</i> , aimed at the XXXVIII cycle of the Doctoral School in Social Sciences (3 hours per edition).
2022-2023	Department of Education, University of Genoa	Lecturer teaching <i>Adolescent Psychopathology</i> (6 CFU), SSD- PSI/08, Master's Degree in Psychology.
2022	Department of Education, University of Genoa	Lecturer teaching <i>Clinical Psychology</i> (9 CFU), SSD-PSI/08, Bachelor's Degree in Social Sciences.
2021	Department of Education, University of Genoa	Lecturer in teaching <i>Clinical Psychology</i> (1 CFU), SSD- PSI/08, Bachelor's Degree in Psychological Science and Techniques.
2016-2017	Department of Education, University of Genoa	Lecturer in the <i>Psychopathology of Behavioral Addictions</i> Lab (1 CFU), Master's Degree in Psychology and Bachelor's Degree in Psychological Science and Techniques.

### Part III - Scientific Affiliations

Year	Title
Since 2016	Member of the Italian Association of Psychology, Clinical and Dynamic Section (AIP)
2021	Member of the Metacognitive Interpersonal Therapy Society (MITHS)
From 2021	Member of the College of Professors and Researchers in Clinical Psychology

### Part IV - Main research interests

Keywords.	Brief description
Psychopathology Emotional	My main line of research focuses on the role of <b>emotional (dis)regulation</b> processes in <b>psychopathology</b> .

dysregulation	<p>The studies pursued aim to increase knowledge about the role played by these variables in externalizing (i.e., addiction, violent behavior), internalizing (i.e., mood disorders; suicide; ecopsychopathologies) and pathological personality disorders.</p> <p>In addition, in order to provide useful clinical guidance to mental health professionals, I study the nature and role of certain <b>risk</b> factors-potential targets for clinical intervention-that explain emotional regulation difficulties. Among these, I delve into the role of early interpersonal experiences and the resulting impairments in mentalizing ability and metacognitive functions as well as dysfunctional metacognitive beliefs about one's behaviors and emotional states. Finally, I participate in a number of research projects that aim to apply the knowledge gained in the primary studies in <b>clinical interventions</b>, carried out in different clinical care settings, focusing on emotional dysregulation, pathological personality, and mentalization capacity.</p> <p>The population examined in my research is mainly adults or adolescents with a psychiatric diagnosis or at risk of developing a psychopathological condition.</p> <p>My research activity benefits from the use of different <b>methods of study</b> peculiar to clinical psychology. A first approach consists of comparing existing <b>models of psychopathology</b> with empirical evidence, made possible by conducting critical and systematic literature reviews as well as meta-analyses. A second approach takes the form of the use of qualitative and/or narratological survey methodologies. They made it possible to intercept psychopathological dynamics that have been investigated in subsequent quantitative studies and/or to contextualize the results that emerged from them. Another approach is the use of physiological variables in measuring emotional regulation processes. Finally, the most consistent strand of research employs quantitative methodologies with the testing of moderation and restraint models, including through the use of structural equation models and the use of factor analysis to test the goodness-of-fit of clinical comprehension models and instruments for measuring psychopathological variables. Finally, a recent area of interest of mine is the use of cluster analysis and network analysis, methodologies that seem particularly well suited to account for both the heterogeneity of the psychopathological profiles investigated and the interconnectedness of transdiagnostic processes.</p>
Addiction	
Violence	
Pathological personality	
Mentalization	
Metacognition	
Clinical intervention
