

Physiotherapy Degree Programme (L/SNT2) – Study Plan

Academic Year 2026/2027

Year 1

First Semester

- Physics, Statistics and Computer Science (8 ECTS)
 - Applied Physics – 2
 - Medical Statistics – 2
 - Informatics – 2
 - Data Processing Systems – 2
- Biology, Biochemistry and Genetics (6 ECTS)
 - Applied Biology – 2
 - Biochemistry – 2
 - Medical Genetics – 2
- Human Anatomy and Physiology (6 ECTS)
 - Human Anatomy – 3
 - Physiology – 2
 - Histology – 1

Second Semester

- General Pathology and Microbiology (3 ECTS)
Microbiology and Clinical Microbiology – 2
General Pathology - 1
- General Psychology and Sociology (6 ECTS)
General Psychology – 2
Work and Organizational Psychology – 2
Sociology of Cultural and Communication Processes - 2
- Rehabilitation Methodology 1 (6 ECTS)
Joint Physiology and Muscle Testing 1
Joint Physiology and Muscle Testing 2
Joint Physiology and Muscle Testing 3
- Scientific English (3 ECTS)
- Seminar Activities (2 ECTS)
- Professional Laboratories (1 ECTS)
- Clinical Internship 1 (19 ECTS)

Year 2

First Semester

- Pharmacology and Neuropsychiatric Sciences (7 ECTS)

- Neurology 2
- Neurosurgery 2
- Pharmacology 2
- Psychiatry 1

- Pediatric Clinical Sciences (7 ECTS)
 - Musculoskeletal System Disease - 1
 - General and specialised Pediatrics - 2
 - Pediatric Neuropsychiatry - 2
 - Applied Medical Sciences - 2

- Interdisciplinary Clinical Sciences 1 (6 ECTS)
 - Diseases of the Visual System - 1
 - Musculoskeletal System Diseases - 1
 - Physical and Rehabilitation Medicine - 2
 - Diagnostic Imaging and Radiotherapy - 1
 - Otolaryngology - 1

Second Semester

- Rehabilitation Methodology 2 (8 ECTS)
 - Orthopaedic Rehabilitation 1 - 2
 - Orthopaedic Rehabilitation 2 - 2
 - Neurological Rehabilitation - 2
 - Paediatric Rehabilitation - 2

- Geriatrics (5 ECTS)
 - Internal Medicine 1
 - Rheumatology - 1
 - Urology - 1
 - Musculoskeletal System Disease - 1
 - Vascular Surgery - 1

- Seminar Activities (2 ECTS)
- Professional Laboratories (1 ECTS)
- Elective Educational Activities (3 ECTS)
- Clinical Internship 2 (21 ECTS)

Year 3

First Semester

- Interdisciplinary Clinical Sciences 2 (4 ECTS)
 - Respiratory System Diseases - 2
 - Cardiovascular System Diseases - 2

- Vascular Rehabilitation (6 ECTS)
 - Respiratory Rehabilitation - 2
 - Cardiac Rehabilitation - 2
 - Vascular Rehabilitation - 2

- Oncology (4 ECTS)

Oncology - 2
General Surgery -1
Anesthesiology - 1

Second Semester

- Healthcare Management (6 ECTS)

General and Applied Hygiene - 1
Applied Economics - 4
Forensic Medicine - 1

- Rehabilitation Methodology 3 (8 ECTS)

Orthopaedic Rehabilitation - 2
Neurological Rehabilitation - 2
Specialized Rehabilitation 1 - 2
Specialized Rehabilitation 2 - 2

- Seminar Activities (2 ECTS)
- Professional Laboratories (1 ECTS)
- Elective Educational Activities (3 ECTS)
- Clinical Internship 3 (20 ECTS)
- Final Examination (6 ECTS)
