

BSc in Physiotherapy

INTEGRATED COURSE TITLE: Elective Courses
NUMBER OF ECTS CREDITS: 3
SSD: MEDS-26/C
PROFESSORS: Alessandra Carlizza
e-mail: alessandra.carlizza@gmail.com

PREREQUISITES

No specific prerequisites are required.

LEARNING OBJECTIVES

Elective courses complement the mandatory curriculum of the Physiotherapy Degree Programme, allowing students to deepen specific topics within the field of rehabilitation. These activities are consistent with the educational objectives of the professional profile and with students' individual interests.

LEARNING OUTCOMES

Participation in elective learning activities will enable students to:

- develop knowledge and skills in specific areas of rehabilitation practice;
- promote the integration of interdisciplinary competences;
- enhance critical thinking and decision-making through the autonomous and informed selection of topics;
- pursue and further develop personal interests within specific rehabilitation fields.

COURSE SYLLABUS

The Elective Courses include participation in events, conferences, and training courses consistent with the professional profile of the Physiotherapy Degree Programme. These activities may be independently selected by students and/or proposed by the Academic Board.

LEARNING AREA	ACTIVITIES
Self-learning	Test TeCo - Anvur
Orientation	Open Day Welcome day School-work alternation
Application of disciplinary knowledge	Conferences and/or events on topics specific to the professional profile of the Physiotherapist; Lectio Magistralis held by Visiting Professors of the Erasmus programme

COURSE STRUCTURE

Participation in elective learning activities is mandatory for a total of 3 ECTS credits, to be completed during the second year of the programme. The schedule of available activities is communicated by the Academic Board at the beginning of the academic year, or in any case well in advance, in accordance with the academic calendar.

COURSE GRADE DETERMINATION

The achievement of a pass/fail assessment requires verification of attendance and the type of activity completed. Students must submit certificates of attendance and the programmes of the attended courses to the Academic Board, which will evaluate their consistency with the educational objectives of the Physiotherapist professional profile.

READING MATERIALS
