

IMPLANTOLOGY AND THIRD MOLAR EXTRACTIONS (ITME)

A.Y. 2026/2027

**CPD SECOND-LEVEL
COURSE**

Overview:

The CPD Second-Level Course Program in Implantology and Third Molar Extractions (ITME) lasts one academic year, during which students will acquire both theoretical knowledge and practical skills. The Master Program (CPD Course) has a theoretical-practical approach aimed at providing learning about the problems of surgical extraction and the subsequent phases of implant-prosthetic rehabilitation. Students will be involved in modern implantology, from diagnosis to prosthetic rehabilitation, and will have the opportunity to learn the latest surgical techniques and technologies. The educational activities are organized in collaboration with Istituto Stomatologico Toscano and Gangnam International Implant Academy (GIIA), Korea. The Master Program aims at providing basic theoretical and methodological knowledge by conveying lectures and practical laboratory activities. The Master Program main partner is Istituto Stomatologico Toscano (IST), chaired by Prof. Ugo Covani.

Duration:

1.500 hours divided into:

- face-to-face teaching and practical educational activities;
