## 2. TEACHING METHODOLOGY AND EDUCATIONAL PROGRAM

The Master is delivered in **blended learning mode**, combining online and face-to-face activities.

## UMOI Master Schedule - A.Y. 2025/2026

Module	Main topics	Dates	Mode	Location
1	Introduction and Fundamentals of Implantology  Introduction to the Master Program History of Implantology Maxillary and Mandibular Anatomy Bone Biology Basic Radiological Diagnostics Live Surgery – Remote Observation	16/02/2026 17/02/2026 18/02/2026 23/02/2026 24/02/2026 25/02/2026	Online (webinar)	
2	<ul> <li>Patient Assessment, Planning and Surgical Preparation</li> <li>Patient Selection and Risk Assessment</li> <li>Surgical Anatomy and Infection Control</li> <li>Implant Planning and Design</li> <li>Advanced Radiology and 3D Imaging</li> <li>Guided Surgery: Principles and Applications</li> <li>Hands-on Session: Suturing Techniques and Flap Design</li> </ul>	16/03/2026 17/03/2026 18/03/2026 19/03/2026 20/03/2026	In person	IST Course Center (Lido di Camaiore)
3	<ul> <li>Surgical Techniques and Soft Tissue Management</li> <li>Flap Design and Implant Site Preparation</li> <li>First Surgical Stage: Implant Placement</li> <li>Insertion Torque and Intraoperative Management</li> <li>Soft Tissue Biology and Peri-implant Morphology</li> <li>Aesthetic Surgery of Marginal Tissues</li> <li>Smile Design and Emergence Profile</li> <li>Second-stage Surgery and Uncovering Techniques</li> <li>Peri-implantitis: Prevention and Clinical Management</li> </ul>	25/05/2026 26/05/2026 27/05/2026 28/05/2026 29/05/2026	In person	IST Course Center (Lido di Camaiore)
4	Advanced Surgical Procedures and Regenerative Techniques  Immediate Post-extraction Implant Placement Bone Grafting Techniques and Biomaterials Guided Bone Regeneration (GBR) Autologous Platelet Concentrates (PRF) Sinus Lift Procedures: Lateral and Crestal Approaches Ridge Expansion and Split Crest Technique Immediate Loading and Post-Extraction Implant Protocols	28/09/2026 29/09/2026 30/09/2026 01/10/2026 02/10/2026	In person	IST Course Center (Lido di Camaiore)
5	<ul> <li>Implant Prosthetics and Digital Workflow</li> <li>Implant-Prosthetic Connections</li> <li>Digital and Conventional Impression Techniques</li> <li>Prosthetic Design and Fabrication</li> <li>Delivery and Maintenance of Implant-Supported Prostheses</li> <li>Management of Prosthetic Complications</li> <li>Full-Arch Restorations: Clinical Workflow and Integration</li> <li>Final thesis discussion</li> </ul>	01/02/2027 02/02/2027 03/02/2027 04/02/2027 05/02/2027	In person	UniCamillus (Rome)

The didactic calendar may be subject to change in relation to national and international scientific calendars and the availability of teaching staff.

Upon activation of the Master Program (after the deadline for enrolment) the final schedule will be sent out. Any changes will be communicated by email.

The final in-person session will take place in Rome and will include the final exam and graduation ceremony.
