LEARNING OBJECTIVES

The aim of the course is to provide the students the requested english communication skills to carry out professional daily routines, updating and improving language practice.

LEARNING OUTCOMES

The student has to be fluent, correctly speaking meanwhile having the expected pronunciation.

Knowledge and understanding

Professional interaction and cooperation are possible when English language is the correct tool for every scientific approach.

Applying knowledge and understanding

The ability to correctly speaking and writing in English make student able to get their professional goals.

Communication skills

A good English language level is the main purpose of the Course : at the end students will be able to deal with their patients, daily hospital activities and public speaking.

Making judgements

A fluent and correct speech and the needed linguistic autonomy will be the student's final results.

COURSE SYLLABUS

The module includes a complete review of English Grammar practiced in different medical and scientific contexts.

Studying General Scientific English Glossary is the lexical path for getting the course aims, besides monitoring main Radiology topics.

'English At Work ' study is also important to deal with the ordinary needs in scientific routines (Basic Business English).

Human body, Hospital activities as well as Radiology Glossary are the core part of the Course.

COURSE STRUCTURE

The teaching consists of hours of frontal lessons divided into 2-3-4 hours depending on the academic calendar. Attendance is mandatory for at least 75% of the hours added to all the courses of the integrated course.

COURSE GRADE DETERMINATION

The final assessment (pronunciation, medical glossary, grammar) consists of an interview on a Topic chosen by the student , to be agreed upon with the Teacher.

The student will also be questioned on the program covered in Class.

The exam grade is PASS / FAIL, according to the mentioned above parameters.

OPTIONAL ACTIVITIES

The students are supported by different activities in Class to practice Written and Spoken English.
