Introduction and field of application

This Regulation has been approved by the Board of Directors to regulate the payment of the tuition fees for the academic year 2026/2027.

This Regulation applies to all NON-EU, who are enrolled **for the first time** in the academic year 2026/2027 in the Bachelor's degree program in Physiotherapy taught in Italian offered at the Rome campus. It also applies to students transferring to UniCamillus for the first time in the same academic year, for whom the fees and contributions corresponding to their year of enrollment will apply.

All fees outlined in this Regulation must be paid exclusively through the student portal Gomp, using the payment methods specified by the University, namely the PagoPA system or CBILL payment slip.

Other payment methods are not permitted.

During the enrollment process, the terms and methods of which are outlined in the respective Admission Call, the stamp duty established by the Revenue Agency, amounting to €16.00, must also be paid.

1.1. Deadlines, exemptions, scholarships, penalties

All due amounts must be paid strictly within the deadlines specified in this Regulation, using the payment methods available through the student portal: CBILL payment slip or online payment via PagoPA.

If a payment deadline coincides with a Saturday or a public holiday, the deadline is extended to the first working day that is not a public holiday.

Candidates who are successful in the admission competition but fail to meet the payment deadlines specified in the Admission Call will be considered to have withdrawn from the program.

Late payment of the amounts due according to the deadlines outlined in this Regulation (second and third installments) will result in the student being suspended from all academic and administrative activities, including the ability to sit exams, and the charge of a penalty fee equal to €100 (for amounts due below € 1,000), to € 200 (for amounts due between € 1,001 and € 3,000) and € 300 for amounts exceeding € 3,000. The suspension will end upon regularization of the student's contribution status.

In any case, if the student fails to regularize their contribution status within 20 days from the indicated deadlines, the University reserves the right to consider the student as withdrawn from the degree program in which they are enrolled, although the student will still be required to pay the full amount of the contributions as outlined in this Regulation for the academic year in which they are enrolled.

The provisions contained in article 9 paragraph 2 of legislative decree 68/2012 which states that "*universities fully exempt from the enrollment fee and university contributions those students who meet the eligibility requirements for the scholarship*" and contained in article 9 paragraph 10 of the same legislative decree "*Legally recognized non-state universities reserve for capable and deserving students, even if lacking means, a share of the state contribution, provided under Law 29 July 1991, No. 243, by granting total exemptions from the payment of university fees and contributions referred to in paragraph 2*" are not applicable to UniCamillus since the University does not receive funding from the State.

In fact, according to the provisions of Article 3 of Ministerial Decree 927 of November 28, 2017 for the Establishment and Accreditation of the UniCamillus University, "*the institution of the University shall not result in any burden on the State*". Consequently, the provisions contained in Article 3 paragraph 3 of Law 243 of 1991 which states that "*... each University reserves a portion of the state contribution for capable and deserving students without means, through scholarships or forms of exemption from payment of taxes and student contributions*" do not apply because UniCamillus University does not receive any government contribution. Students enrolling at UniCamillus University are aware of and accept the terms stated in this paragraph.

The student who does not wish to continue with their academic path in the years following the first must notify their withdrawal from studies by September 13th, prior to the academic year they do not wish to enroll in.

Late payment of the amounts due according to the deadlines outlined in this Regulation (second and third installments) will result in the student being suspended from all academic and administrative activities, including the ability to sit exams, and the charge of a penalty fee equal to €100 (for amounts due below € 1,000), to € 200 (for amounts due between € 1,001 and € 3,000) and € 300 for amounts exceeding € 3,000. Students enrolling at UniCamillus University are aware of and accept the terms stated in this paragraph.

3. Outgoing transfers

The authorization (*nulla osta*) to the outgoing transfer and the release of the related documentation can be granted only to students in good standing, at the date of submission of the transfer request, with the payment of tuition fees, taxes, stamps.

For this purpose, the student must submit to the University a 'Request for Outgoing Transfer' using the online procedure (unless different procedures are communicated in advance), by accessing the student portal Gomp with their credentials, navigating to the 'Career > Applications > Outgoing Transfer Application' section. The outgoing transfer request must be completed by paying a €16.00 revenue stamp, in accordance with the methods outlined in this Regulation. The student must also provide the transfer authorization from the destination University.

In case of outgoing transfer, the amounts already paid up to the time of submission of the transfer request will not be reimbursed in any case and all credentials relating to all University services will be disabled.

4. Reconsideration, withdrawal and abandonment of the student's status

Reconsideration: in the event that pre-enrollment or enrollment was completed remotely or outside the university premises, the student may exercise the right of reconsideration within 14 (fourteen) days from the date of pre-enrollment or enrollment (the payment date will be considered as the reference date). To do so, the student must clearly communicate their intention to withdraw from UniCamillus University through a registered letter with proof of delivery.

In case of exercising this right of reconsideration, UniCamillus University will refund the student for the costs incurred for pre-enrollment and/or enrollment within the following 14 days, deducting an amount equal to 5% of the paid fees for administrative services and pre-enrollment or enrollment. The refund will be made using the same payment methods used by the student for the initial payment, unless the student expressly indicates a different method of payment. Refunds are not applicable to payments made for the stamp duty amount (€16.00) and the Regional Tax.

Exercising the right of reconsideration is considered equivalent to submitting a request for withdrawal from studies.

Withdrawal: the student may withdraw from the course of study at any time. To do so, they must submit a "Study Waiver Application" to the University, using the online procedure (unless different procedures are communicated in advance), by accessing the student portal Gomp with their credentials, navigating to the section "Career > Applications > Study Waiver Application" for the purpose of canceling their enrollment at UniCamillus University in the National Student Registry, and potentially allowing for enrollment at another University. The withdrawal request must be completed by paying a €16.00 revenue stamp, in accordance with the methods outlined in this Regulation. In case of study waiver, the amounts already paid up to the time of submission of the Study Waiver Application will not be reimbursed under any circumstances.

The study waiver is deemed to be completed with the issue of the relevant leaving certificate. This document will only be issued to students who, at the time the application is submitted, are up to date with the payments of all the required tuition fees.

Abandonment: The student who abandons his/her studies after the start of the lessons is still required to pay in full the contributions provided for in this Regulation for the academic year in which he/she is enrolled, also for the purpose of issuing the certificate of cancellation from the National Student Registry. The interruption does not result in the closure of the student's academic career, nor does it lead to the cancellation of their enrollment at UniCamillus University in the National Student Registry database. In order to officially notify the end of their academic career at UniCamillus University, the student must necessarily submit a Study Waiver Application or an Outgoing Transfer Request as detailed above.

Those who have completed the entire university course without obtaining a degree or diploma, and who, for any reason, have interrupted their studies, must request, every year, from the university a verification of their student status and pay the annual enrollment fee according to the deadlines and amounts specified in this Regulation, in order to maintain their rights derived from enrollment. Failure to do so will result in the loss of student status as determined by the University.

All credentials associated with the University's services will be deactivated for students who terminate their studies at UniCamillus due to withdrawal or transfer.

5. Students enrolled beyond the standard duration of the program (*out-of-course*)

Students who have completed the entire course period outlined in the study plan and who have not obtained their degree within the last scheduled exam session must enroll as a first-year student beyond the normal duration of the course (first-year out-of-course), making the full payment of the fees outlined and defined in this Regulation for the final year of the regular duration of the degree program (see point 2 of this Regulation).

Students who enroll from the second year "out-of-course" onwards are required to pay the full fees for the last year of the standard duration of the degree program, as defined in this Regulation (see point 2), with an additional 10% charge.

6. Graduation fee

The amount of the graduation fee is €350.00 (Three Hundred Fifty/00).

Graduating students must also pay the revenue stamp fee of €16.00. The graduation fee must be paid through the student portal using only the payment methods provided by the University via PagoPa or CBILL payment slips. The payment must be made by the deadlines outlined in the Graduation Thesis Regulation for the academic year in which the student will receive their final degree.
